

AMERICAN WATER WORKS

AWW SERIES HOT-WATER PRESSURE WASHERS

Universal illustrated instructions for operator safety and owner liability protection

Four conveniently mounted nozzles to vary fan spray

Durable, horizontal-style hot water coil made of 1/2-inch, Schedule 80 steel pipe and cold rolled for years of leak-free operation; with insulated stainless steel coil wrap and easy coil access design

Thermal pump saver valve protects against hot-water damage by venting recirculated water

Water-resistant control panel with adjustable thermostat, hour meter and burner on/off switch

Rugged chassis made of 1-1/4-inch steel and painted with an epoxy powder coat finish for all-weather resistance

Adjustable upstream detergent injection provides high-pressure sudsing for better cleaning

Rust-free polyethylene fuel tanks for hours of uninterrupted operation (8 gallons tanks)

Powered by reliable Honda gas engines with electric start and 2-year warranty

Power platform cushioned on 8 vibration isolators for smoother operation and longer life

Safety rupture disk attached to discharge side of heating coil protects against excessive pressure and heat

Heavy-duty, insulated trigger gun with fatigue-free handle and rated for 4500 PSI

AWW-503537E/G:
20-HP Honda gas engine;
5.0 GPM @ 3500 PSI; Belt Drive

Tangle free, swivel crimp fitting positioned on hose for ease of operation

50-ft. wire-braid hose with safety hose guard for burst protection

Pictured on a single-axle Universal Trailer

FEATURES:

- Powered by Honda Gas Engines
- 5 GPM @ 3500 PSI
- Belt Drive / Electric Start
- Completely Self-Contained
